

REDI-CONSUMERSM NEW MOVERS LISTS

REACH NEW MOVERS MAKING MAJOR PURCHASES AND ESTABLISHING BRAND LOYALTY

New Movers are motivated consumers, making substantial purchases such as home décor, home improvement and major appliances. Marketing to these customers is virtually recession-proof, with New Movers spending \$7,300 in just the first three months, and 16% more than non-movers over the following 12 months. Plus, they're establishing lucrative, long-term relationships with local merchants, restaurants, physicians, dentists and more.

Redi-Data's New Movers list gives you access to six months of new movers, the prime period in which they spend the most. And with over one million new movers per month on average, you'll have a wide variety of consumers to choose from. Data includes demographic variables such as ethnicity, religion, language, income, geography and more. All selects are included in our fees, so there are no extra charges for your specific targeting needs.

What's more, to ensure a high level of accuracy, we NCOA and DPV our full file each month – at no additional cost to you.
